Amazing Traffic Formula

By Raamakant S.

Section: 1

In the first section I will show you how to multiply your Start-page Exchange Traffic. I will explain not only how to earn credits from 8 to 10 Start Page Exchanges at the same time without cheating, but also how to use this extra traffic to... generate Maximum LEADS and REFERRALS!

Download the Crazy Browser web browser at:

<http://www.crazybrowser.com/download.htm>

Crazy Browser is a powerful Web browser. It has the ability to open multiple sites simultaneously inside a single browser task. It also has a Smart Popup Filter - it blocks errors and pop-ups automatically! Multiple pages can be saved as a GROUP and reopened together.

Now click the links below to join these FREE Traffic Exchange programs:

These are the best and most reliable sites I have found for this system. They also have good cheat protection. When you join these programs make sure to save the URLs they give you- both for your start pages and for your referral links!

You will also get 10-30% of all the traffic generated by your referral up to 5 levels. Each time your referrals surf your account will be credited. So when you have enough referrals, you will get the traffic automatically.

You need not to join all programs. Join as many as you wish. The more you join, the more Credits you will get. Of course, if you are already a member of one of these programs you can just use the URL's you already have.

Hit Pulse: [Click Here](#)

Web Biz Insider: [Click Here](#)

Traffic Swarm: [Click Here](#)

No More Hits: [Click Here](#)

FastLane Traffic: [Click Here](#)

Fast Freeway: [Click Here](#)

Crazy Browser has a feature that allows you to save any combination of URLs as individual groups. In the address bar, copy and paste your Surf-URL of Traffic Syndicate, press the Enter-Key.

The Traffic Syndicate surf page opens.

Now copy and paste into the address bar the Surf-URL of Traffic Pods and press the Enter-Key and Traffic Pods appears, under a new tab. Now, if you want to go back to Traffic Syndicate click on the first Tab. Also, you can scroll through tabs by pressing the F2 and F3 keys.

Now enter all your remaining Surf-URL's, one by one and press the Enter-Key.

After you finish entering the 8 to 10 surf programs, click on the main menu "Groups" and then click on "Save all pages as group". A windows file window will open. Give your group a name, like "Amazing Traffic Formula", and click Save.

Now every time you start CrazyBrowser you can simply click - "Groups", then the name of your saved group in the drop-down menu. All of your programs will load on one screen. You can now surf them all at once! Cool..

If you have a slow connection and/or not very powerful computer, opening eight to ten pages at the same time may be too much. In this case, try less pages until your computer is running fast enough that you are happy with it.

Using this method with a stable dial-up connection, you can generate 1000 Hit Credits in 2 hours. You can set your own target according to your connection speed and time limits.

Even without any referrals, working 10 Start Page exchanges at once using this method allows you to generate a large amount of traffic. But what I am teaching you here is a method 10 TIMES MORE POWERFUL than any of the others, in that it provides a way for you and all of your referrals you instruct in replicating it to generate 10 times the traffic.

Leads, Referrals and Building your mailing list:

[Do you know what the most important thing in online business is?](#)

THE LIST!

That's right... there is nothing more valuable in your online business than your email list. EVERYTHING you do online should grow your list, even if it's one person at a time.

Think about it... if you've got a list, you can send valuable content, and then create lots of product offers as time goes on.

But if you DON'T have a list... it doesn't matter how many offers you create, because NOBODY will see them.

[A PROVEN FACT:](#)

A very crucial element of online marketing is a proven fact that people are likely to do business with those they trust. The best online ways of building trust with a prospect is through auto-responder marketing. Give your prospect something valuable and gain there trust.

<http://affiliate.searchestate.com/?refwebid=30921&wc=998>

A proven fact: People who make the most money are the people who advertise the most.

Let's quickly review.

1. You should be using CrazyBrowser to run 8 to 10 startpage exchanges at once.
2. Those exchanges should be targeted to your "Amazing Traffic Formula" page.
3. Your GetResponse autoresponder should have mails uploaded.
4. You should have lots of signups by now. (I had 30 the first day I started this.)

Now, you need to keep "pumping up" this system by using your CrazyBrowser and surfing the Traffic exchanges. I suggest you get lots of hits in each program every day for at least two weeks, if your schedule allows it. Advertise your "Amazing Traffic Formula" page everywhere.

A bit of advice...

Don't target your main site on the Traffic exchanges. Instead, use your Amazing Traffic Formula page to collect emails, and use your autoresponder to tell them about your product or site. They'll be paying attention!

Now sit back, relax and smile. In less than a day, you've already accomplished more than 95% of the people who get online looking for ways to make a buck - after today, some people will start calling YOU a GURU!!
